

y o u a r e g o o d

DEAR FRIENDS,

This is such an exciting opportunity for me to help CASA and provide clothes for the children in need. With 4,000 children in need of advocates, support, love and clothing I am very excited to be able to help with my new endeavor.

My goal is to raise \$100,000.00 dollars a year in in-kind donations. The money will buy each child new clothes from the you are good line of tees. The name you are good comes from my 14 years of experience volunteering for: The Rape Crisis Center, Shelter for Women and Children, Host Program and CASA. Over the years I've overheard or been told by children that they are not good or that a parent has told them that they are unwanted. I cannot count the times that I've had to remind a child that they are wonderful, smart and good and that they have so much to look forward to in life. It is so amazing to see how kind words can change a heart, mind and outlook for a child.

EACH SHIRT WILL COME WITH A TAG ATTACHED BEARING THIS INSPIRATIONAL MESSAGE:

y o u a r e g o o d

*This shirt was made just for you!
The wings on the back of this shirt are
to remind you that you can do anything.
Keep your attitude up and know that
you have so much to look forward to.
Hope is a great thing, so hold on to it!*

We hope that when these clothes are worn that each toddler, child, youth or adult will remember those kind words and that it will help them through such difficult times.

Please take a look at the website and let me know if you are interested in donating to abused children through you are good. Also, a percentage of each sale will be donated back to CASA to help support their efforts in child advocacy. If you have any further questions on donating please feel free to email me at jennroutree@yahoo.com or with a phone call 512.791.5366.

THANK YOU FOR YOUR CONSIDERATION

Supporting Abused Children of Travis County Sustaining Membership Form

CASA of Travis County, Inc. recruits, screens, trains, and supervises volunteers to provide "guardian ad litem" representation for abused and neglected children to help them reach a safe and permanent home. Established in 1985, CASA of Travis County was the fourth CASA program launched in Texas. During the first year of operation, CASA recruited and trained 43 volunteers and served a total of 85 children. The organization has grown steadily ever since to maintain a volunteer base of over 400 and serve more than 2,000 children annually.

CASA's intense personalized advocacy often uncovers critical information about a child's situation and brings it to light in court. The foster care system is overwhelmed by the number of children in its care, forcing social workers to carry large caseloads and provide limited opportunities for the one-on-one attention that every child in the system deserves. CASA volunteers are able to meet with the children frequently and are able to share information with DFPS for a greater level of care. The regular contact with the child allows the CASA volunteer to build a relationship, make sure all the child's needs are met, and assure the child is in a safe, permanent home.

I Want To Give An Angel Some Wings

Donor Name: _____

Address: _____

Date: _____ Email: _____

- | | |
